## EXPERIENCE

### Founder

WWGIWGA FZE - Dubai

(marzo 2013 - Present)

- Introduced the first Texas Hold'em Poker platform in Italy and designed gaming platforms for major international casinos while working in the gambling industry
- Played an active role in the development of software aimed at safeguarding Made in Italy products
- Developed software for the island's main clubs in Ibiza, utilizing ibeacon and NFC technologies to optimize management processes
- Created applications for traders and investors in the cryptocurrency sector, acquiring a wide range of technological skills and expertise in designing web3 solutions
- Assisted companies in transitioning to web3 by developing technological solutions based on blockchain, tokens, smart contracts, and NFTs

### Project Manager

Crypto Hachiko - Dubai

(2018 - 2022)

- Developed two innovative apps, Crypto Hachiko and Follow The Rabbit, in the cryptocurrency industry.
- Managed the project timeline, communicated with stakeholders, and ensured that the apps met user needs and requirements.
- Coordinated the development of Follow The Rabbit from conception to launch. -Both Crypto Hachiko and Follow The Rabbit have been well-received by the cryptocurrency community and have garnered a reputation for being reliable and user-friendly platforms.

### Project Manager

Dc10 - U.S. - Donoma

(2015 - 2016)

- -Led the development and launch of a mobile application for the club Dc10 in Ibiza, U.S. and Donoma in Italy.
- -Managed the project timeline, communicated with stakeholders, and ensured that the app met the club's needs and requirements.
- -Worked closely with the development team to design and implement features such as real-time updates on table availability, customized orders for VIP clients, and a user-friendly interface for easy navigation.
- -Monitored user feedback and engagement to continuously improve the app's performance and user experience.

### Project Manager

ALBO ITALY

(2013 - 2015)

- Spearheaded the development of a cutting-edge app that revolutionized the clothing industry.
- Managed budgets and timelines, conducted market research, and coordinated with external vendors and partners.
- Worked closely with the development team to design and implement a seamless user experience
- Maintained open communication with all stakeholders, providing regular updates and seeking feedback to ensure that the app met their needs and expectations.
- Ensured that all aspects of the project adhered to industry regulations and best practices, including data privacy and security standards.
